

Orders modulo a prime

How to make life easier

by M Ahsan Al Mahir

on August 21, 2020

Orders

- * Fermat's Little Theorem
- * Lowest such power

Orders

- * Fermat's Little Theorem
- * Lowest such power

We all know the little theorem

$$a^{\phi(n)} \equiv 1 \pmod{n}$$

Orders

- * Fermat's Little Theorem
- * Lowest such power
